

QUICK START GUIDE

Pairing a smart device for the first time:

1. Open the charging case and remove both earphones.
 2. Peel off the protective films from the earphones.
 3. Put the earphones back in the case, close the lid for a few seconds, then reopen to exit shipping mode.
 4. Remove the earphones again—they will enter pairing mode (LED flashes red and white).
 5. On your smart device, turn on Bluetooth and select “Emerson NoiseZero ES204.”
-

Powering on the Earphones:

Open the charging case, and the earphones will automatically connect to the last connected smart device.

Powering off the Earphones:

Place the earphones into the charging case. The earphones will power off and start charging.

Battery charge level

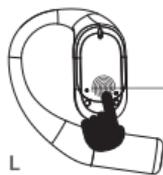

Red	Yellow	Green
< 10%	10-30%	> 30%

Attaching the Microphone:

1. Remove the microphone from the bottom of the case.
 2. Remove protective film.
 3. Connect the microphone to either the left or right earphones.
 4. Make sure the small gold prongs are aligned with the gold plate on the headphones.
 5. You will hear a beep indicating it is connected. You will hear two beeps when you remove the microphone.
